

// Mobile printing from your iPad and iPhone

The universal, mobile printing solution from SEH has been developed for professional business use. It combines innovative hardware and software in one compact device: simply print all your documents, graphics and pictures straight from your iPad and iPhone.

With primos you do not need an AirPrint printer nor a desktop computer to act as a print server. primos will save you lengthy configuration, driver installation and the multitude of printer applications. It doesn't matter which printer you have: once primos has been connected to your company network, you are ready to print. Manufacturer-independent, easy and absolutely secure through authentication and point-to-point encryption.

// Convenient.

// Flexible.

// Fast.

// Areas of Application

- Architecture
- Medicine
- Creative offices
- Lawyers
- Field work
- For all those who need to print from their iOS devices

// Data Security

In order to ensure data security and protection, primos admins can define users using directory services. Supported directory services include: Microsoft Active Directory, Linux Open LDAP and Apple Open Directory. Administration and maintenance of primos is extremely simple with the user-friendly web interface.

// Benefits

Secure.

- Secure data encryption
- Authentication
- Local data administration (no cloud)

Convenient.

- Native iOS compatibility
- Manufacturer-independent
- Time-saving
- User-friendly
- Easy

Professional.

- AirPrint compatible user administration
- Functions over many sub-networks (Wide-Area Bonjour)
- Directory services support (Microsoft Active Directory, Linux Open LDAP, Apple Open Directory)

// Technical Specifications.

Interfaces and Network Connectors

- IEEE 802.3 (10BaseT, 100BaseTX, 1000BaseT)
- 1 × USB 2.0 (type A connector)

Configuration and Management

- SEH primos App: Microsoft® Windows (Windows 7, Windows 8), Apple® (Mac OS X 10.7.x - 10.10.x)
- Primos Web Control Center (monitoring, configuration, administration, firmware updates etc.)

Supported Protocols

- TCP/IP:
DHCP, BootP, ARP, TCP, UDP, ICMP, IGMP, TFTP, HTTP, HTTPS, Zero-conf, DNS, SLP, SNMP, SMTP, POP3, SSL/TLS, LDAP, Bonjour, etc.

Security

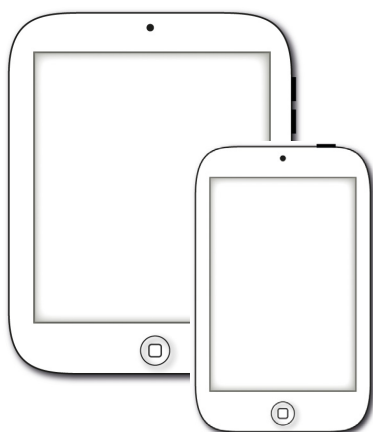

- Encryption: SSL 3.0 - TLS 1.2, HTTPS, IPP Secure, AirPrint Secure
- Authentication: 802.1X (EAP-MD5, EAP-TLS, EAP (LEAP), EAP-FAST, EAP-TTLS, PEAP)
- Device & Port access control
- Certificate management: self-signed certificate, certificate request, CA certificate and PKCS#12-certificate
- Password control

Supported Directory Services

- Active directory
- Open LDAP

Supported iOS Devices

- All iOS devices from iOS 4.2:
 - iPhone (from 3GS)
 - iPad
 - iPod Touch (from 3rd generation)

Supported Printers (up to 10)

- Network printers (LAN or WLAN) supporting at least one of the following protocols:
 - IPP
 - IPP Secure
 - LPD
 - Socket Printing (aka JetDirect Printing)
- USB printers

Supported Languages

German, English

Tests (Notifications)

- CE: EN55022:2010 Class B, EN55024: 2010, EN 50581:2012
- FCC class A
- VCCI class A
- ROHS
- WEEE

Power Supply

- External power supply
- Output: 5V 2A
- Input: 100–240 V ~

Operating Environment

- Temperature: 5–40 °C
- Relative humidity: 20–80 %

Dimensions (length, width, height)

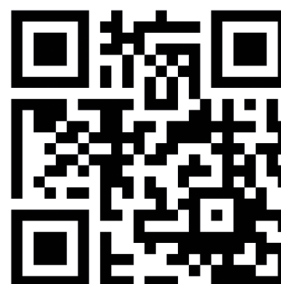

108 x 108 x 33 mm

Weight

150 g

Order Number

M07010
