

# About Us

**Deeper Network Inc.**, founded in **Silicon Valley** in 2018, specializes in **Web3 and cybersecurity**. By combining cybersecurity, network sharing, and blockchain, it pioneers next-generation internet infrastructure with the motto "Of the Users, By the Users, For the Users." **Focused on privacy and data ownership**, Deeper Network empowers users with control over their data and global access to information, redefining Web3 and returning the internet to its rightful owners: the users.

# Star Products

- The Best VPN Solutions for Office and On-the-Go Use (hotels, cafes, airports, libraries, conference rooms, cruises) – Accessible Worldwide
- Decentralized VPN (DPN)

*Deeper Connect Mini*

*Deeper Connect Air*

# Products & Use Cases

Deeper Connect **Mini**

## Office / Home

Mini protects your **office** or **home** internet from hacker attacks with a powerful, enterprise-grade seven-layer firewall, while effortlessly bypassing geo-restrictions.

Deeper Connect **Air**

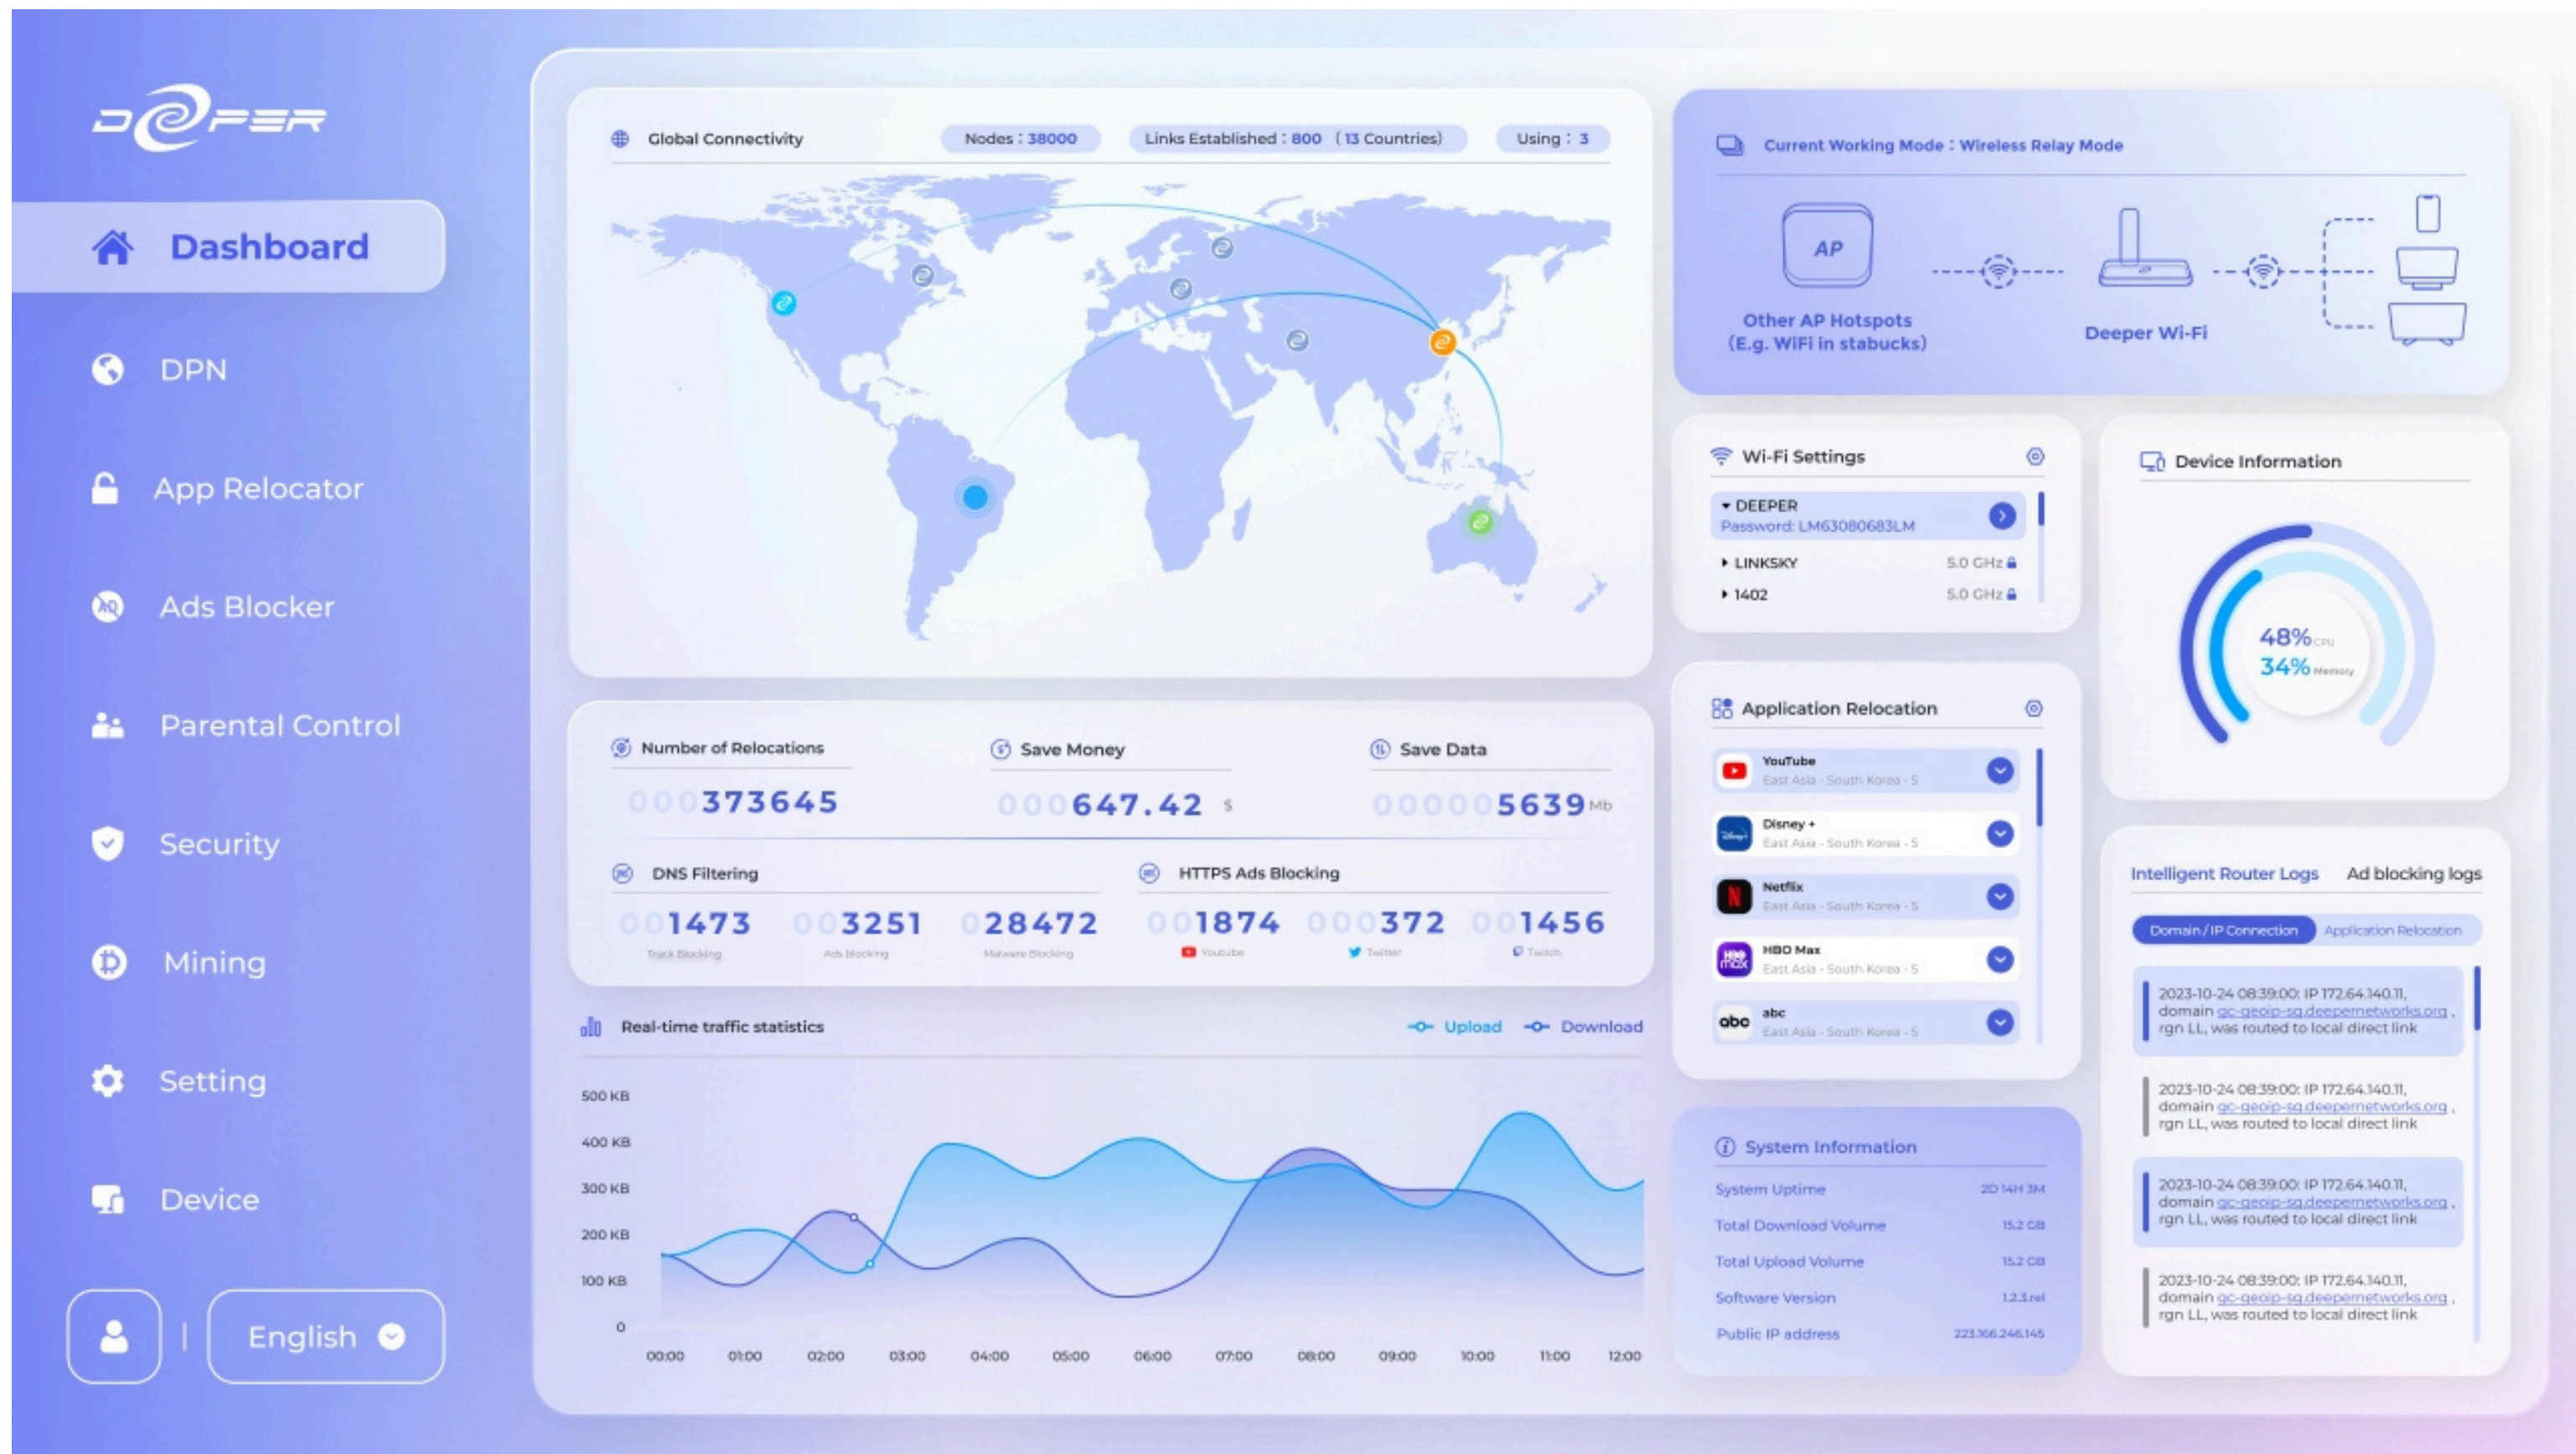

## Business Trips / Public Networks

**Air** ensures private, secure browsing on public networks, protecting against hacker attacks in **airports, hotels, and cafes**. It also allows you to bypass geo-restrictions and access global information.
