

Specifications

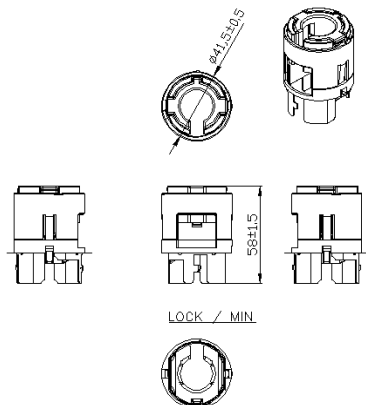

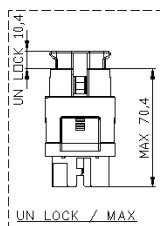

Model number	PPL220/F
Product name	Plug lock for 220V
Dimension (mm)	Φ41.5(W) * 58.0(H)
Weight (g)	36
Insulation performance	∞ MΩ
Temperature range	-20°C - 60°C
Material	PC / STS
Certification	

Key Features and Benefits

- * Applies to type F outlets with angled or straight plugs.
- * Features: Prevents the power plug from being unplugged during use due to vibration or errors/malfunctions.
- * Lock key to use: Not required
- * Developed and produced in Korea
- * Other information: Patented in Korea (1 case)
