

Destination

The bracket is designed for mounting AWOH series metal enclosures on poles and masts. The bracket ensures the stability of the enclosure, and is adapted to the weight of the enclosure as well as the weather conditions (2mm sheet metal, electro-galvanised). It is dedicated to solutions for:

- security systems - mounting of surveillance cameras and alarm systems on poles
- telecommunications - mounting of telecommunication cabinets on poles and masts
- industrial automation - pole mounting of control cabinets and automation equipment

Note: for mounting the bracket, steel ties with appropriate load capacity are required.

Technical data

Dimensions:	L=380, W=65, H=81 [+/- 2mm]
Net/gross weight:	0,66 / 0,67 [kg]
Material:	electrolytic galvanized steel sheet DC01, thickness: 2 mm,
Destination:	outdoor
Notes:	- dedicated to enclosures AWOH405015 / AWOH406020 / AWOH406030 - set of 4 M6 screws included (screw, spring washer, washer, nut)
Warranty:	2 years
